

RESEARCH MOBILE PLANNER (Horizontal)

- Make a plan and sketch for your mobile.
- Each mobile must have at least 2 segments on either end of your main bar. (Segments A & G shown in black)
- You can add additional segments based on your research, data and design ideas. These can be combined to make multiple segment trees. Draw additional segments you want on the grey diagrams.
- Identify 2 characters for each segment and indicate in the dashed boxes. Characters can be symbols, mini sculptures, research text or math data.

NAME: _____

MOBILE THEME: _____
