

RESEARCH MOBILE PLANNER (Vertical)

- Make a plan and sketch for your mobile.
- You can make a simple mobile with 2 characters on each end of your main bar. (Segment A shown in black)
- You can add additional segments based on your research, data and design ideas. These can be combined to make a segment tree. (Tree 1 shown in grey)
- Draw additional segments you want on the grey diagrams.
- Identify 2 characters for each segment and indicate in the dashed boxes. Characters can be symbols, mini sculptures, research text or math data.
